RaceJoy Live Phone Tracking and Cheer Sending

Use the RaceJoy app for advanced tracking of participants and show your support with cheer sending. Participants set up for tracking in RaceJoy and carry their phone as they complete the course. Spectators track participants' actual location in a map view and can send audio cheers. GPS-based progress alerts are typically issued at every mile along the course. Participants need to opt-in for spectators to track them in RaceJoy. [Download the RaceJoy app here.](#)
