### MESSAGING OPPORTUNITY: AT TIME OF REGISTRATION

#### **SAMPLE #1 – ASKING FOR A DONATION**

Hello **Jane**,

I'm sending a quick email with hope that you'll support me this September as I **ride 100 miles** at Badger Challenge. Badger Challenge is a walking, running, and biking fundraiser that supports cancer research and treatment programs at the University of Wisconsin. The best part is that 100% of all funds raised go back to the researchers and programs at UW. Since the event started in 2016, they've raised over \$1.8 million. You can look at each of the Scholars and see the work they're doing with the funds right here in our community.

**This cause is near and dear to my heart as I have many friends and family who have been impacted by cancer.** Knowing that 100% of donations I raise will go towards research and treatment initiatives to turn more patients into survivors is something I am proud to be part of.

I've set a fundraising goal of **\$1,000** and I'm just getting started on my efforts and hope you'll help me with whatever dollar amount you can give. Even \$5 helps as that entire amount goes back to the cause. I'm sure you can think of five people you know affected by cancer, so think of it as donating \$1 to each of them.

I hope to have your support. You can donate at my **personal fundraising link**. Thank you for your consideration in supporting me in this cause. Let's help write the story that ends cancer!

Thank you!

**John**

## **MESSAGING OPPORTUNITY: WEEK OF THE EVENT**

### **SAMPLE – ASKING FOR A DONATION**

Hello **Jane!**

The time has finally come, it's the week of the Badger Challenge! I've been training for several weeks and fundraising to help support their mission! The Badger Challenge is a running, walking and biking fundraiser that supports cancer research and treatment programs at the University of Wisconsin. And the best part is that 100% of all funds raised go back to the researchers and programs at UW. Since the event started in 2016, they've raised over \$1.8 million. I'm really looking forward to the event and the post ride celebration with food, beverages, music, games, and fun activities for the whole family. It's going to be a great day!

I had set a fundraising goal of **\$1000** and I am so excited to share that I've **exceeded that goal**, but I want to do as much as I can to help fund the critical research and cancer treatment initiatives at UW. So I'm reaching out to see if you'll help me raise even more. Any dollar amount you give can help as it will go directly back to the cause!

## **MESSAGING OPPORTUNITY: POST EVENT**

### **SAMPLE – ASKING FOR A DONATION**

Hi Jane,

This past weekend I participated in the Badger Challenge. What an event, what a day! So far, the Badger Challenge has raised \$750,000 this year, but we're not done yet. The fundraiser is still open until November 1<sup>st</sup>. The event may be over, but the fight to cure cancer is still on!

Know that any donation you give, no matter how big or small, goes directly back to the cause. 100% of all participant raised funds go directly to cancer research at the University of Wisconsin. None of that covers operational costs like some other charity events. Which is one of the reasons I am so proud to support the Badger Challenge!

I hope to have your support. You can donate at my [personal fundraising link](#). Thank you for your consideration in supporting me in this cause. Let's help write the story that ends cancer. Maybe you can join me next year, save the date for September 24, 2023!

Thank you!

John

## **MESSAGING OPPORTUNITY: CAMPAIGN RESULTS**

### ***SAMPLE – THANKING DONORS FOR THEIR SUPPORT***

Hi Jane,

Thank you so much for the donation to my fundraiser for the Badger Challenge! You are part of the mission to power cancer research at the University of Wisconsin.

To date, the Badger Challenge has raised over \$2.6 million, \$800,000 of which came from this year! What an incredible accomplishment. Every single one of those dollars will be used directly for cancer research and treatment initiatives at the University of Wisconsin. 100% raised here, 100% stays here.

Thank you again for your support, it means so much to me, patients, survivors, and their family. Together, we're helping to write the story that ends cancer.

Thank you,

John
