

BADGER
CHALLENGE

GRANT APPLICATION

2022

BADGERCHALLENGE.ORG

The **BADGER CHALLENGE** is soliciting grant applications

The overarching mission of the Badger Challenge is to advance state of the art cancer research and treatment to serve cancer patients and families in Wisconsin and beyond.

Federal research funding is exceptionally challenging, and funds raised from the Badger Challenge help bridge this funding gap to make cancer researchers at the UW competitive at the highest level. The Badger Challenge began in 2016 (formerly The Ride) and since then has raised nearly 1.8 million dollars for UW cancer research and awarded money to 50 researchers, clinicians, collaborative programs, and students.

Please visit the Badger Challenge [website](#) to find more information regarding the Badger Challenge and [previously awarded scholarships](#).

Badger Challenge seeks to fund scholars and program applications that will:

- Promote cancer research in basic, translational, clinical, social/behavioral and population sciences.
- Results in preliminary data to support extramural grant applications (R01 or equivalent).

GRANT DESCRIPTIONS:

- **Program:** Provides financial support among two or more UW faculty from interdisciplinary fields who have a focus on a clearly identified research project (\$50,000).
- **Scholar:** Provides financial support (\$25,000) to individual UW faculty members whose current work focuses on cancer research and/or advancements in cancer treatments.

PROJECT PERIOD: Feb. 1, 2023 – Dec. 31, 2024

APPLICATION DEADLINE: August 15, 2022

ELIGIBILITY:

- Must have a UW Professor title series (including Assistant, Associate, and full Professor)

APPLICATION FORMAT (please [submit application online](#) by 11:59 PM on August 15, 2022)

Please assemble items 1-11 into a single PDF for submission.

1. Title Page (title and team members)
2. Scientific Abstract (175-word max)
3. Lay Abstract (175-word max to be used on the Badger Challenge website and non-scientific marketing materials)
4. Lay Sentences (1-2 lay sentences describing project to be used in non-scientific marketing materials)
5. Specifics Aim page (1 Page – NIH Style)
6. Hypothesis (50-word max)
7. Research Approach (1 Page)
8. Budget Justification describing how the Badger Challenge funds will be used (1/2 page)
9. Statement on Projects Potential for Translation (1/2 page)
10. Statement on Alignment with the Badger Challenge's Mission* (1/2 page)
11. NIH Biosketch for applicant and team members

*The overarching mission of the **Badger Challenge** is to advance state of the art cancer research and treatment to serve cancer patients and families in Wisconsin and beyond. Badger Challenge helps bridge gaps in traditional funding to make cancer researchers at UW competitive at the highest level.

EVALUATION CRITERIA:

The Badger Challenge targets applications that:

- Promote basic, translational, clinical, social/behavioral and/or population cancer research.
- Result in preliminary data to support competitive national grants (R01 or equivalent).

Proposals must be focused on cancer to be eligible for funding support. Proposals will be scored based on the following criteria:

- 1) Overall Impact
- 2) Significance
- 3) Investigator
- 4) Innovation
- 5) Approach
- 6) Potential for Translation
- 7) Alignment and advancement of the Badger Challenge mission

AWARD TERMS AND CONDITIONS:

Upon receipt of an award, awardees will receive an overview of program obligations and agree to the terms of the program.

- Submit progress reports at the 1-year mark and 2-year mark describing their outcomes and expenses associated with their research.
- Provide written and verbal reports on project to be used in Badger Challenge marketing materials (2 max per year).
-

Non-scientific inquiries should be directed to:

Victoria Rouse
Director of Marketing and Community Engagement
vrouse@wisc.edu

Scientific inquiries should be directed to:

Deric Wheeler
Badger Challenge Director
